MATH IS AMAZING! Math Challenge for students in grades 6 through 9. These math enrichment classes are held the first and third Saturday of each month at Tahoma Senior High School from 10 am until noon. The classes focus on middle school and high school level mathematics similar to Math Olympiad. The high school math team and coaches instruct students during the free classes.

Students will have the opportunity to participate in state math competitions at their grade level. The next class is Oct 15th. Get started now!

Contact Mrs. M. Shirley, math teacher at Tahoma High School, for more information: mshirley@tahasd.us.
